

MIKEL SeaPort-e Team Member	Capabilities/Experience	SeaPort-e Functional Areas
Booz Allen Hamilton	Booz Allen Hamilton is a global technology and consulting firm with over 25,000 employees and a 70 year legacy supporting the USNavy at all levels. BAH offers extensive experience with Systems Engineering, testing and evaluation, platform integration ,and program management across multiple government agencies, including the DoD and the Submarine Force. BAH is CMMI Level III certifiex and ISO 9001 certified.	3.1,3.2,3.5,3.9,3.10,3.10,3.14,3.16,3.18,3.20,3.21, 3.22
Computer Sciences Coporation	Computer Sciences Corporation for more than 50 years has developed smart, technology-enabled solutions to solve clients' toughest challenges, demonstrating a commitment to excellence and a passion for exceeding expectations.	3.1,3.2,3.3,3.4,3.5,3.6,3.7,3.8,3.9,3.10,3.10,3.11,3.12,3.13,3.14,3.15,3.16,3.17,3.18,3.19,3.20,3.21, 3.22
DBV Technology, LLC	DBV Technology, LLC designs, builds, test and integrates underwater instrumentation with particular emphasis on underwater acoustic systems. DBV Technology has extensive capability in modeling and simulation of acoustic system and routinely designs and performs complex underwater acoustic testing in both laboratory tank environment and at-sea environments.	3.1,3.2,3.3,3.4,3.10,3.11,3.14,3.15
Dorazio Defense Systems, LLC	Dorazio Defense Systems, LLC is a small emerging business with over 40 years of subject matter expertise in submarine combat systems. Expertise in the field of US Navy Submarine Combat Systems, submarine weaponry design,development, and testing.	3.1,3.2,3.5,3.6,3.7,3.14,3.20
Engineering Services Network, Inc	R&D, Engineering Support, System Des Doc/Tech Data, Software, RM&A, HF Engineering Support, System Safety, CM Support, QA Support, IS/IA/IT, Ship Inactivation/Disposal, Interoperability/T&E/Trials, Acquisition Logistics, Training, In-Service Engineering, Program Support, Administrative Support.	3.1,3.2,3.5,3.6,3.7,3.8,3.9,3.10,3.10,3.11,3.12,3.13,3.14,3.16,3.17,3.18,3.19,3.20,3.21
General Dynamics Information Technology, Inc	General Dynamics Information Technology's experience encompasses systems engineering and systems development, mission and threat analysis, and acquisition management for surface combatants and submarine programs. General Dynamics Information Technology applies its core systems engineering disciplines in support of most major surface ship and submarine weapon systems acquisition projects, including Ballistic Missile Defense, Ship Self Defense, Theater Air Defense and the Virginia class submarine program.	3.5, 3.6
Gryphon Technologies	Gryphon is a premier engineering and technical services firm supporting national security and coalition forces. Gryphon provides our Defense clients with the systems analysis, integration, and program management skills necessary to manage the development and operations of their mission critical systems. Gryphon Technologies is CMMI Level 3 rated and has consistently been named one of the 50 fastest growing technology companies.	3.1,3.2,3.4,3.5,3.6,3.9,3.10,3.10,3.11,3.12,3.13,3.14,3.15,3.16,3.17,3.18,3.19,3.20
Image Acoustics, Inc	Image Acoustics has expertise in finite element modeling using ANSYS and also MATLAB modeling of vibratory structures that emit acoustical signals, particularly those that have piezoelectric structures embedded in them.	3.1,3.2,3.3,3.4,3.11,3.14,3.15,3.21
Lockheed Martin Maritime Systems and Sensors	System Engineering – Product/Platform Development, Design, Production, and Sustainment	3.2,3.5,3.7,3.8,3.14,3.15,3.16,3.17,3.18,3.19
Lockheed Martin Simulation, Training and Support	Lockheed Martin Global Training and Logistics (GTL) provides training solutions and technical engineering services primarily to the US Government.	3.2,3.5,3.6,3.7,3.10,3.11,3.12,3.16,3.17,3.20,3.21

Marine Acoustics	MAI is a global scientific and engineering company providing a diverse set of government, corporate and international clients with a broad spectrum of consulting and engineering services. Our areas of expertise include a full range of environmental compliance services, undersea warfare design, test and evaluation services, marine environmental compliance, sea test planning and support, all supported by an award winning and internationally recognized research and development program.	3.1,3.2,3.5,3.8,3.14,3.15,3.18,3.19,3.20
McLaughlin Research Coporation	Incorporated in 1947, McLaughlin Research Corporation (MRC) is a small business with over 65 years' experience providing prime contractor services to NAVSEA Warfare Centers in the following core competency areas: systems engineering, computer-aided design and drafting (CADD), configuration management (CM), integrated logistics support (ILS), information technology (IT), program management, and environmental and safety infrastructure and management, technical documentation, multimedia graphics and communication, and training. An original SeaPort-e prime contractor, MRC has in-house capability/experience in all 22 SeaPort-e SOW areas, is qualified in all zones, and has been awarded over 50 prime task orders at NUWC Newport, NUWC Keyport, and NSWC Corona..	3.1,3.2,3.3,3.4,3.5,3.6,3.7,3.8,3.9,3.10,3.10,3.11,3.12,3.13,3.14,3.15,3.16,3.17,3.18,3.19,3.20,3.21, 3.22
Practicum, LLC	Practicum is a Small Disabled Veteran Owned Business that provides not only leadership training, but also Reconstruction, Analysis and Assessment of fleet exercise operations and associated technical inputs, reports and briefing materials on fleet operations.	3.8,3.20
Rite-Solutions, Inc.	Rite-Solutions provides Advanced Systems and Software Engineering Services; 3D Situational Awareness and Visualization capabilities; Real-Time Decision Support; Enterprise and Transaction Based Systems; and Computer/Web Based Training and Knowledge Management tools.Rite-Solutions' was founded on our capability to develop, manage and support all types of Software systems in both the Government and commercial markets. We support the Navy's needs with mission critical software architecture and development, as well as providing application development and support in the form of advance combat system development, Performance tools sets, and re-hosting of software intensive legacy systems	3.1,3.2,3.3,3.6,3.7,3.12,3.14,3.18,3.19,3.20,3.21,3.22
Souteastern Computer Consultants, Inc.	SCCI provides systems engineering, information assurance, software engineering, logistics, and training services in support of complex, software intensive military systems.	3.1,3.2,3.5,3.9,3.10,3.12,3.14,3.16,3.18,3.20,3.21,3.22
Systems Engineering Associates	SEA CORP provides specialized systems and design engineering expertise in submarine Non-Propulsion Electronic Systems. This expertise includes, but is not limited to unique design, installation and certification know-how in Sensor and Sonar Systems, Electronic Warfare Support and Imaging Systems supporting Command, Control, Communications, Computers & Intelligence Surveillance and Reconnaissance (C4ISR).	3.2,3.5,3.6,3.14
Takhi Software Group LLC	Takhi Software Group LLC provides custom software solutions for government and commercial customers. Specialties include computer consulting, software integration, custom software development, and web applications development.	3.2,3.6,3.12
TSM	Since 1978, TSM Corporation has been in the business of building and supporting world-class, state-of-the-art Logistics, Engineering, Training and Technical Support Systems for industry and Government.	3.1,3.2,3.3,3.4,3.5,3.6,3.7,3.8,3.9,3.10,3.10,3.11,3.12,3.13,3.14,3.15,3.16,3.17,3.18,3.19,3.20,3.21
